# PRESENTING COMPANIES

# ME-TECH 2020 EVENT HIGHLIGHTS

## Pre-Conference Seminars hosted by

Wood and Honeywell UOP welcomed clients to their pre-conference seminars on the 18th February.

The Wood seminar focused on the '**Energy Industries Evolution: A revolution?**' Taking a look at the impact of the energy transition on market trends, and how to tackle the different risks and opportunities arising in our rapidly evolving industry.

The Honeywell UOP seminar focused on the theme of '**Better Decisions for a Sustainable Future**'. Honeywell presented a new tool that allows refiners to evaluate current investments and plan for the future – balancing operational goals, market demand and regulatory constraints to promote profitable performance and growth.

## ME-TECH 2020 Opening Ceremony

ME-TECH 2020 was officially opened by **Mr. Ibrahim Al Zaabi, Vice President, Polyolefins of Borouge**, in which he confirmed Borouge's commitment to ensuring sustainable economic growth and prosperity of the UAE, and wished all conference participants an enjoyable and worthwhile experience at ME-TECH 2020.

# ME-TECH 2020 EVENT HIGHLIGHTS

## ME-TECH 2020 - Through the Years

ME-TECH 2020 marked a very special milestone for Euro Petroleum Consultants – celebrating 10 years of ME-TECH and it was a pleasure to hold the event in Abu Dhabi. A video of ‘ME-TECH through the years’ was played during the opening ceremony and gifts, including a ME-TECH Lifetime Pass, were presented to three delegates that attended all 10 editions of the event.

## ME-TECH 2020 Focus

The two-day conference was attended by over 250 delegates representing a wide spectrum of the downstream sector including oil refiners and petrochemical producers from leading companies: ADNOC, BAPCO, BOROUGE, ENI ABU DHABI REFINING & TRADING SERVICES B.V., KIPIC, KNPC, KPC, NATPET, OMV DOWNSTREAM MIDDLE EAST & ASIA, OQ – LIWA PLASTICS INDUSTRIES COMPLEX (LPIC), PETROCHEMICAL INDUSTRIES COMPANY, PETRO RABIGH, SABIC, SIPCHEM, SAMREF, SASREF, SAUDI ARAMCO, LUKOIL, MINISTRY OF OIL (IRAQ), PETRONAS, SARAS-SARLUX, SOCAR TURKIYE, RELIANCE INDUSTRIES and TOTAL RAFFINAGE-CHIMIE.

**Technology has always been a mainstay at ME-TECH and this year's edition was no exception.**

Speaking about the technological trends in the development of petrochemical industries, the conference showed an interest in solutions that allow increasing the production of propylene. For example, the ‘Future of Polyolefins Catalysts in a Circular Economy Model’ that was presented by **Dr Fabian Siberdt, R&D Portfolio Manager, INEOS Polyolefin Catalyst**

# ME-TECH 2020 EVENT HIGHLIGHTS

In the refining section of the conference, we had the chance to hear from **Dr. Mikael Berthod, Vice President of ADNOC Refining Research Centre**, on How to Boost the Performance of your Hydrocracker through an Efficient Catalyst Selection.

Kuwait National Petroleum Company (KNPC) was also in attendance and **Mobarak Al-Mutairi, Manager Technical Services MAB** presented a highly interesting case study focusing on a refinery upgrade in light of the IMO 2020 regulation.

We also had the opportunity to hear about the latest in Digital Delayed Coking: A new approach for supporting unit operations presented by **Steve Beeston, Vice President Technology Licensing at Wood**. This new digital approach is a collaboration with Honeywell and their connected plant.

Particular attention at ME-TECH 2020 was paid to what does 'sustainability' mean for the petroleum industry?

**Robin Mills, CEO of Qamar Energy**, spoke about the Middle East's blossoming green economy, the critical tasks ahead and identifying the crucial goals.

In addition, one of the main areas of focus for ME-TECH 2020 was the concept of the Refinery and Petrochemical plants of the future. What will these plants look like? With the implementation of smart operation and connected plants, the investment in artificial intelligence – technology providers are introducing their new solutions to help assets improve their efficiency and flexibility.

**Honeywell unveiled a new 'Refinery of the Future' concept** which demonstrates how carefully planned investments in refining operations, including integration with petrochemicals production, can help refiners improve profit margins, potentially improving net cash margin by almost \$30 per barrel.

# ME-TECH 2020 EVENT HIGHLIGHTS

## Interactive Panel Discussions

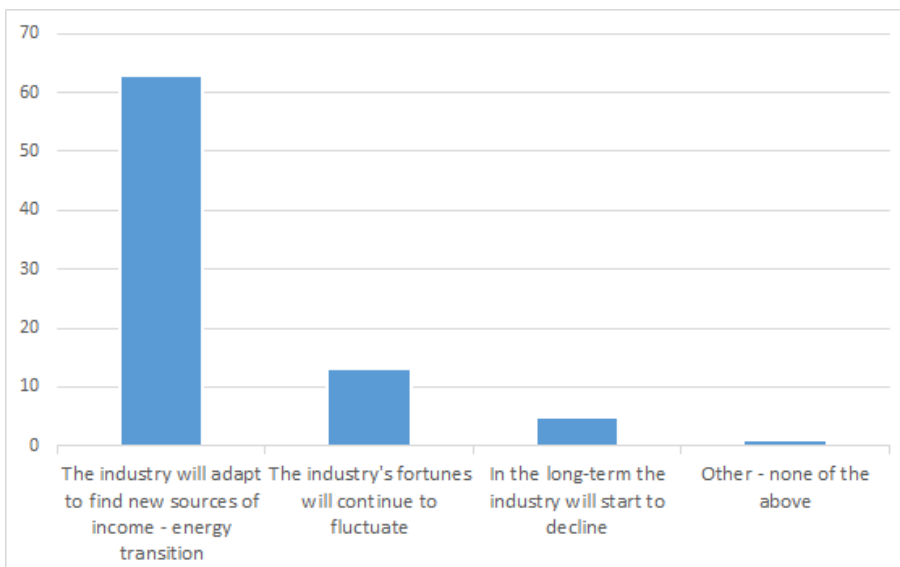

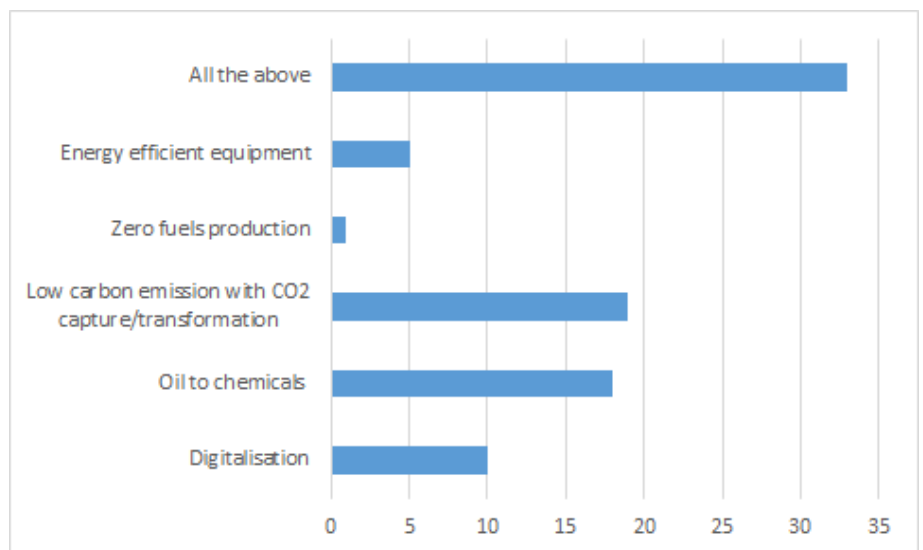

ME-TECH 2020 like the previous editions, focused on the key industry trending topics. This year these topics included: remaining competitive in today's market through JV ventures and partnerships, by attracting foreign investment and expertise, trading by oil companies – a move to create new revenue streams and also to diversify the downstream business. These interesting developments were discussed in an interactive panel session featuring major players in the industry; Total, Shell and Eni.

**CHAIRMAN OF PANEL DISCUSSIONS**  
**Süleyman Özmen**, Senior Consultant  
3P18 INDEPENDENT CONSULTANTS

## Audience Poll Results

***In which technology field will the downstream industry adopt game changers in the next decade?***

***In your opinion what do you see as the long-term trend for the Downstream Industry?***

# ME-TECH 2020 EVENT HIGHLIGHTS

## Networking Coffee Breaks & Lunches

SPONSORS: SHELL CATALYSTS & TECHNOLOGIES, HONEYWELL UOP, GRACE, ILF CONSULTING ENGINEERS

## ME-TECH 10th Anniversary Gala Evening hosted by Schneider Electric

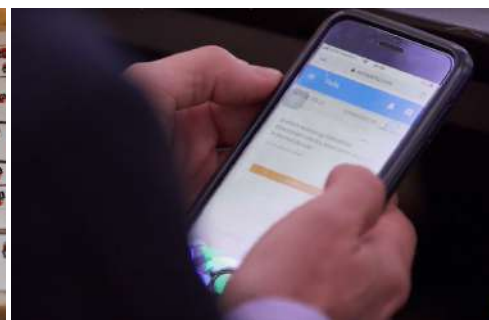

ME-TECH attendees were welcomed by Mr Ahmed Sfar (Strategic Account Executive, Schneider Electric) and treated to a fiesta of Latin American fusion flavours at VakaVa - a unique concept restaurant by celebrity chef Richard Sandoval.

# ME-TECH 2020 EVENT HIGHLIGHTS

**AXENS, BECHTEL, ENDRESS+HAUSER, TECHNIPFMC, TUBACEX & WOOD** maximised their exposure at the event with branded items used by the delegates.

## Exhibitor Passport Scheme & Raffle Draw

At the end of the conference, a raffle draw amongst the participants of the 'Exhibitor Passport' scheme took place and two lucky delegates from WOOD and BOROUGE won prizes.

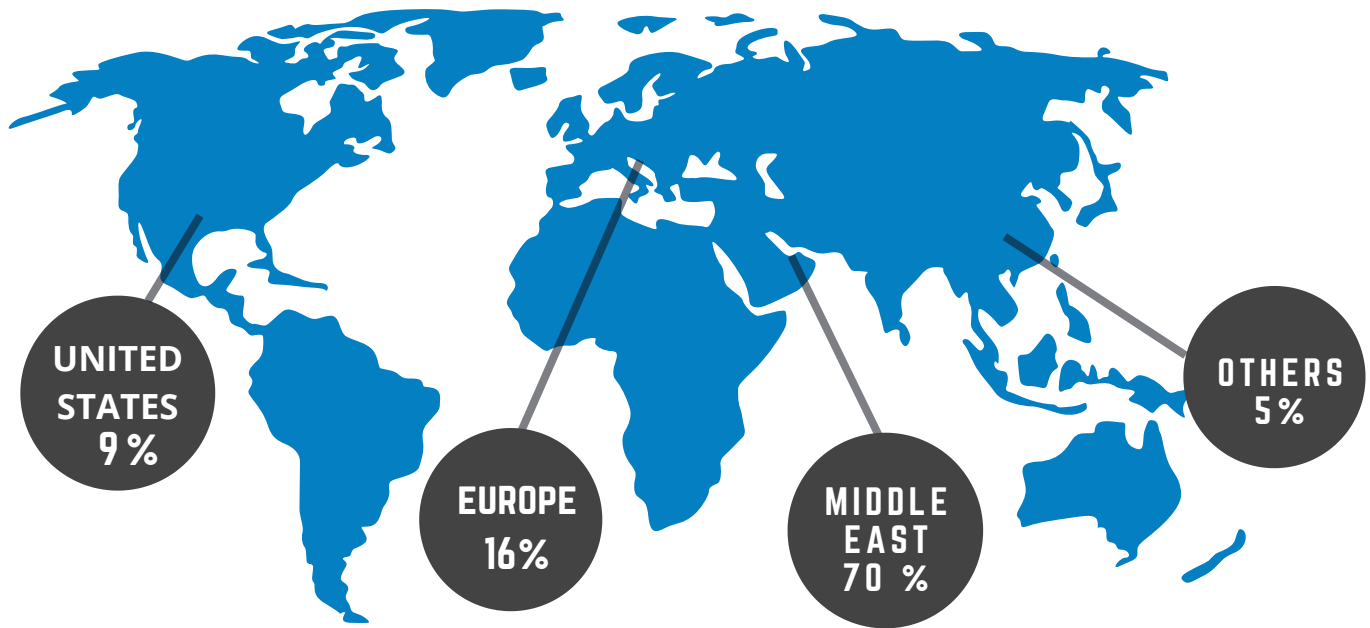

## The Venue: Jumeirah at Etihad Towers

The conference took place at the so called ***Jewel in the Crown of the Corniche***, Jumeirah at Etihad Towers in Abu Dhabi.

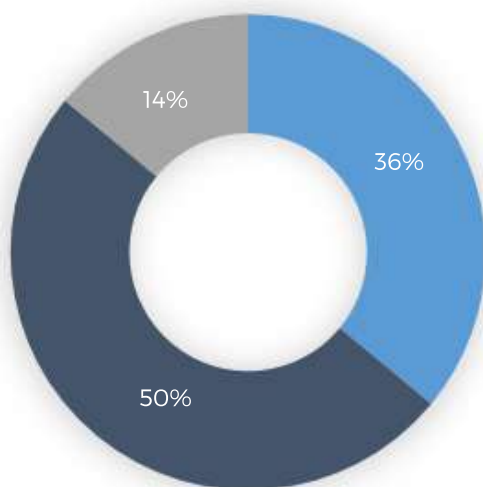

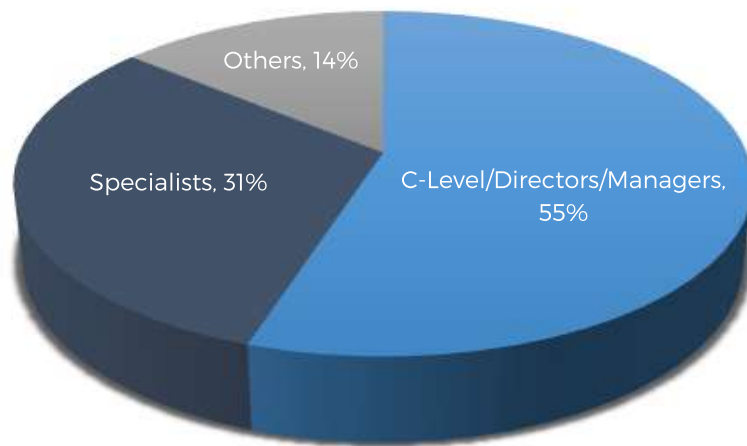

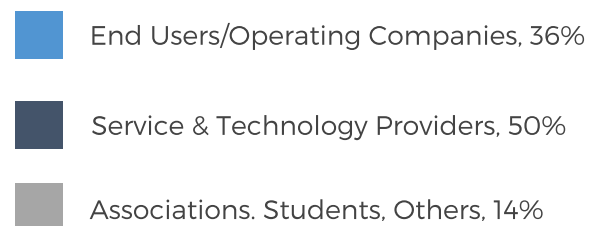

# ME-TECH 2020 STATISTICS

## ATTENDEES PROFILE

## END USERS RATIO

# TESTIMONIALS

“A high level event, gave an overview to all challenges that industry is facing and what actions are taken to respond to disruptive risks such as chemical recycling, crude oil to chemicals, and renewables. It was an excellent opportunity to discuss potential partnerships.”

**SOCAR R&D INNOVATION  
& COMPANY**

“The event was well organized. Topics were interesting, the facility was good.”

**KIPIC**

“Great opportunity to learn more about the downstream business and markets, networking with influential personnel.”

**BAUER KOMPRESSOREN**

“I enjoyed meeting the ME-TECH open minded attendees and learning more on JVs and collaborations of the refining industry. This is what the industry needs in order to evolve and achieve important goals which will lead to global refining evolution.”

**GENERAL ATOMICS  
ELECTROMAGNETIC SYSTEMS**

# SEE YOU AT ME-TECH 2021!

We are already looking forward to next year's edition of the Middle East Technology Forum for Refining & Petrochemicals from 15-17 February. We hope to welcome you all at ME-TECH 2021.

If you would like to contribute to the programme with a timely, informative presentation and share your expertise with our audience, please send your abstracts to [events@europetro-me.com](mailto:events@europetro-me.com)

## Sponsorship/Exhibition Opportunities

If you would like to raise your profile and promote your products and services, our events provide the perfect platform. A variety of packages are available, from exhibiting to hosting a networking function or sponsoring a branded item.

The majority of our sponsors are repeat customers who are consistently satisfied with the level of promotion and results they gain from our events.

Please contact us for further information on the opportunities available. We will be pleased to create a tailored package to meet your specific requirements.
